

## A PRIME PASS CONTRACTOR

The MIL Corporation (MIL) is a prime contractor on Program and System Support (PASS), a five-year multiple award, Indefinite Delivery Indefinite Quantity (IDIQ) contract serving the Naval Air Systems Command (NAVAIR) and partner agencies. The contract focuses on 12 key business areas and provides easy access to our flexible, proven solutions that meet NAVAIR’s most complex aviation and business challenges.

## PEOPLE MAKING THE DIFFERENCE

MIL develops, tests, certifies, and deploys tools and technologies to protect critical data and infrastructure for our core capabilities spanning engineering, information technology, cyber, and financial services. We leverage corporate experience, refined through our nearly 40-year history, to advance customer operations in:

- Engineering, production, and technical management support services for various C5ISR communications-electronic systems, subsystems, and equipment
- Total lifecycle solutions for research, design, test & evaluation, logistics, and administrative support
- Systems administration, service desk support, cloud computing, infrastructure, and applications development
- Reducing risks, threats, and vulnerabilities in cyberspace to protect networks and systems against intrusions and malicious activity
- Financial management, system integration, IV&V, and business support

## THE MIL PASS TEAM

Creative, highly skilled professionals are what set us apart. Our dynamic PASS team delivers integrated and innovative technical, management, and quality solutions.
