

OneStream

Financial Support Services

Introducing MIL: A Trusted Federal Partner

The MIL Corporation (MIL) is a long standing federal partner delivering IT, financial, engineering, and cyber services to U.S. government agencies for more than 46 years. With over 800 professionals and \$180M in annual revenue, MIL has earned trusted relationships across numerous federal departments by consistently providing high quality programmatic and operational support.

MIL's public sector work spans the full financial management lifecycle, supporting both COTS and custom federal financial, budgeting, accounting, payroll, and administrative systems across domestic and global environments. Our teams help agencies consolidate large volumes of disparate data to accelerate financial reporting, improve transparency, and enable audit readiness and clean audit opinions. These essential outcomes for federal CFO organizations and oversight bodies.

How MIL Supports OneStream Customers

To keep federal customers aligned with evolving requirements, MIL modernizes financial operations through AI, robotic process automation, shared services, and cloud migration initiatives. This complements OneStream's mission of unifying financial processes, improving data quality, and supporting enterprise wide decision making.

Where MIL and OneStream Align

Key MIL service areas most relevant to OneStream's public sector engagements include:

- » Budgeting and accounting models
- » Business process improvement
- » Compliance, security, and audit readiness
- » AI, RPA, and intelligent automation
- » Program management
- » COTS implementation and O&M
- » IV&V
- » Help desk, training, and eTravel support

Core Capabilities

MIL holds industry certifications including CMMI Level 3, ISO 9001:2008, and designation as an NSA Trusted Commercial Solutions for Classified Systems Integrator, reinforcing our commitment to quality and secure delivery in federal environments.
